SATURN BATTERY 800 SHOT

2/1

800 SHOTS. Behold the king of all saturns, the 800-shot 500g saturn battery. Its coffee table size lets buyers know it means business. But it's more than a big missile battery. Each missile launches with a red or green mine that shootsup to 10 feet high as the missile screams through the air and ends in a nicecrackle. The battery starts slow but quickly switches on the afterburners, firing about 10 colorful whistling missiles every second! It's glorious saturn madness-we're talking frenzy! We all have customers who demand the biggest the 800 was

Welcome

Welcome to the 2017 Red Rhino Fireworks catalog. Last year we added an alphabetical index at the back to help you in finding specific items and that is back.

This year we added piece item dimensions to all multi-shot items, most fountains, artillery kits and assortments and rockets. This will you more easily understand the item's physical nature. We hope this is one more way that we can add value for you to everything we do here. We have been receiving containers since the fall of 2016 so we are well stocked right now and have already begun order shipments. We urge you to prepare your orders early and to be ready to accept delivery well in advance of the July 4th holiday. If you have a storage capacity - we strongly urge you to begin taking delivery of parts of your order as soon as you can. It will provide both you and us more time to get all of our mutual work done.

CHOICES

You will begin to see some marketing on our end target the word CHOICES. Red Rhino affords you the ability to offer the retail advantage of four American style private label fireworks lines:

- Red Rhino® Fireworks
- Full Blown Fireworks
- Texas Outlaw® Fireworks
- Hog Wild® Fireworks

With top quality labeling and performance these are just what you need in the retail sector to give your operation a true competitive edge. With our CHOICES among the 4 labels, it looks like you buy from 4 different places. However, you keep your purchase volumes consolidated at one wholesaler, thereby reducing overall inventory costs. We believe this a real added value for our customers and serves to differentiate us from our competition. With Red Rhino you get the CHOICES you want for your customers with top quality products available for a great value.

Corporate Philosophy

I always take a moment to cover our corporate philosophy here at Red Rhino Fireworks. It is our mission to provide you

with the best we can in terms of 1) Service; 2) Product quality; 3) Product consistency; 4) Product value and; 5) Integrity.

To that end we feel our 1) Service - starts with meeting our customers face to face. Throughout the year we travel to meet our customers at their place to better understand them and their fireworks needs so we can put ourselves in the position of being the best possible supplier. We keep our customers updated on availability and delivery and we work quickly to prevent problems. 2) Product quality - begins at the factory level overseas. We have our own employees in China to monitor production at the factories to insure production quality. We also make numerous trips overseas so we will be at the forefront of product innovation. This flows over to 3) Product consistency, where we insure the product performance is the same from year to year by testing it ourselves at the factory level. Giving both us, and our customers, confidence in the items we, and they, are selling. 4) Product value is very important. With our product innovation, volumes overseas and consistent, quality, production we believe our customers get the best in price and performance benefits for their purchase dollar. 5) Integrity comes from the fact that we live by what we do here at Red Rhino. Our personal lives are affected directly by the products we sell and market, just like yours are. We are upfront with our customers and earn their confidence in what we do by being responsible business and supply partners for and with them. We like to go home at the end of the day knowing we have done our best so we can sleep well in what we accomplished in our daily work. Furthermore, we are a wholesale company only and we do not operate any retail locations at Red Rhino Fireworks. As a result, you won't have to worry about competing with your supplier here. We are dedicated to you - the individual retail companies and operators. We feel that is very important for you to know and we believe it is a key difference between us and our competitors.

Shipping

We ship orders everywhere. We work with many different freight companies to get your load to you at the lowest possible cost in the quickest amount of time. We will get bids for you and then advise you of shipping costs before booking a load. This

is a free service, we bill only what the freight company charges and our freight relationships are strong, giving you access to some of the best rates available. It is just one more example of our top quality service.

Web Address/Online ordering

changes and is better than ever.

You will find us at www.redrhinofireworks.com and be sure to watch for continual updates to our website. It has undergone some pretty large

Our online order feature now allows for you to set favorites. By doing this you can ease the reorder process by choosing to reorder favorites and they will preload for you. From there all you have to do is put in your quantities. Check it out!

When you set up your online account you will also be able to check your account balances, see payment history and access past invoices and statements. All available at your fingertips, and you can do it any time you choose.

2017 and 2018 Demo Shoots

By the time you get this catalog we will be in the midst of our <u>Spring 2017 shoots in Silsbee - April 8, 2017; and Joplin - April 28 and 29, 2017.</u> So here are some other important demo dates to remember:

Fall 2017:

This will be held in Silsbee, TX during November. The tentative date is November 11, 2017. But is subject to change depending on weather.

Spring 2018

Demos are scheduled for April 7 in Silsbee, TX and April 27 and 28 in Joplin, MO.

Mark your calendars now!

Thank you deeply for your patronage. Here is to wishing you, our customer, best wishes for a safe and successful 2017!

Sincerely,

Now the

Stephen W. Houser President, CDF, LLC

Notes:
